

# MicroSourcing Client Referral Program

At MicroSourcing, we value your satisfaction and love when you recommend our services to others in your network. That is why we have created a referral program for our valued clients.

## How it works

### STEP 1

Simply refer an organization to our services by filling out this [form](#).

[CLIENT REFERRAL FORM](#) 

### STEP 2

If the referred organization becomes our client, we'll provide a credit on your next invoice after certain milestones are met.

## Referral reward

As a thank you for your referral, a credit of AUD 2,000 or USD 1,500 will be paid when the new client you refer hires a minimum of 5 full-time employees (FTEs).

## When is the credit applied?

The referral credit will be applied to your invoice after all of the following occur:

- The new client signs a contract with MicroSourcing and reaches 5 FTEs.
- MicroSourcing invoices the new client and all of their invoices are up-to-date and paid.

## Eligibility

- ✓ The referral must be for a new client, not an existing one.
- ✓ The credit will be applied to your invoice when the referred client reaches 5 FTEs and is up-to-date with their payments.

**You can refer as many companies as you like - there's no limit to how many credits you can earn.**

## Any questions?

Please reach out to your Client Experience Operations team at MicroSourcing for more information.
